### 1: October 8<sup>th</sup> Perpetual Detour

Perpetual Detour combine insightful lyrics and melodic harmonies with themes of love and longing to bring you a soulful performance that leaves you wanting more.

This Alternative rock foursome was formed in 2008 and is based in Halifax, NS. They have been compared to the likes of Sarah McLachlan and Jann Arden. Perpetual Detour songs have been described as thoughtful and engaging. Or, to quote a new fan "the music and lyrics bring out the best in each other". Think Natalie Merchant.

If you have been lucky enough to catch a live performance in New Brunswick, Nova Scotia or PEI... you know how fun these gals are live! All play multiple instruments and there are sweet 3 part harmonies.
